SUMMARY

Computer Science student with a strong interest in Front-End Development, currently expanding my skills into Full-Stack Web Development. Passionate about problem-solving and committed to continuous learning through competitive programming and hands-on projects. Seeking an internship opportunity to apply my knowledge, grow as a developer, and gain real-world experience.

EDUCATION

Faculty Of Computers & Informatics, Suez Canal University,

Bachelor's Degree in Computer Science | 2024 – 2028

GPA : 3.2 / 4

Coursework : Data Structures, Algorithms, OOP, Database & Math (Calculus, Linear Algebra, Statistics & Probability)

SKILLS

Languages:

C/C++, Java, php, HTML/CSS, SQL, Python, JavaScript.

Core Concepts:

Problem Solving, Clean Code, OOP.

Tools & Databases:

Git, GitHub, VS Code, Xampp.

Soft Skills:

Teamwork, Time Management, Flexibility.

CERTIFICATES

Full Stack Web Development

Creativa Innovation Hubs | October 2025

Embedded System

Creativa innovation hubs | April 2025

CCNA Fundamental

Creativa innovation hubs | Jan 2026

PROJECTS

Personal Portfolio Website | HTML, Tailwind CSS, JavaScript

2026 | *GitHub*

- Built a single-page responsive portfolio showcasing personal projects, skills, and contact information.
- Styled using Tailwind CSS for a clean, utility-first design system, with Font Awesome for icons.
- Integrated AOS (Animate On Scroll) library to add smooth scroll-triggered animations.
- Fully responsive layout optimized for desktop, tablet, and mobile devices.

AL Sabiqun Website | HTML, CSS, JavaScript

2026 | *GitHub*

- Compiled and presented key biographical information for 10 male and female companions of Prophet Muhammad (peace be upon him).
- Curated and organized 8 pivotal moments from the major stages of the Islamic call (Da'wah).
- Designed to be fully responsive across tablet and mobile devices.
- Planned to rebuild the front-end using Bootstrap for improved structure and styling.
